

Investing for Success

**Under this agreement for 2022
Worongary State School will receive**

\$350,423*

This funding will be used to

- Increase the percentage of students achieving a 'C' standard or above in English to 82%.
- Increase the percentage of students achieving a 'B' standard or above in English to 42%.
- Enhance all student achievement to reach their identified writing goal.

Our initiatives include

- Developing a culture of professional learning through intentional collaboration to improve outcomes for all students.
- Building teacher capacity to develop a deep understanding of the Australian Curriculum (English-writing) through quality assessment that informs instruction to improve outcomes for all students.
- Evaluating school-wide systems and practices using the Positive Behaviour for Learning framework to ensure evidence-based practices are employed to support student engagement.
- Reviewing whole school intervention using the Positive Behaviour for Learning Framework to ensure differentiated teaching and learning.

Our school will improve student outcomes by

- Employing relief staff to support the release of class teachers each term to engage in collaborative professional development around the Australian Curriculum (English - writing) - \$29 492
- Employing additional specialist teachers to enable year level teachers to operate as professional learning teams to support teaching and learning - \$100, 736
- Employ additional teacher aides to support differentiated instruction in writing across the school – \$53, 357
- Employing teachers to release staff representatives to enable professional development to support the review of PBL (Positive Behaviour for Learning) systems and practices within the school - \$9,800
- Employing an engagement support teacher to support the implementation of PBL (Positive Behaviour for Learning) and Student Code of Conduct - \$54,149
- Employing additional teaching staff to support optimal class sizes - \$102,889
